

# INDONESIA

Institutional Framework	
Compiling agency	Bank Indonesia
Legal mandate	Bank Indonesia Act and International Transaction Act
Member agencies of the national coordinating group on FDIS	None
Data Processing	
General conceptual framework	Since August 2014, BI referred to BPM6 in compiling BOP data. For the direct investment, data are also available in directional principle according to BPM5. The FDI data submitted to the ASEAN Secretariat, as an agreement, are based on BPM5.
Identification of direct investment relationships	Framework for Direct Investment relationships
Available FDI components	Equity capital, Reinvested Earning, and Other Capital (Debt Instruments)
Presentation principle	Direct Investment data are presented in asset liability principle based on BPM6. But for the ASEAN purpose, FDI data are submitted according to directional principle.
Geo-allocation principle	Immediate investing country
Activity allocation principle	Activity of the FDI enterprise
Activity classification	ISIC rev. 3
Unit of currency	USD
Exchange rate used	Jakarta Interbank Spot Dollar Rate (JISDOR)
Miscellaneous divergences with OECD BMD	Transaction between fellow enterprises are not separated; do not cover ultimate direct investors
Frequency	Quarterly
Validation of individual data	Through internal coherence, check with other sources
Validation of aggregated data	Through changes in investment positions, growth rates, derived indicators
Adjustments	For undercoverage, outliers
Estimates	For missing/late entries, nonrespondents, missing data
Initiatives on FDIS enhancement	<ul style="list-style-type: none"> <li>- Developing granular data base for individual data with complete breakdown by sector institution, currency and term of maturity inline with DGI G20 recommendation.</li> <li>- Compiling preliminary exercise of FDIS by Ultimate Investor Economy</li> </ul>

<b>Data Sources</b>			
	<b>Regular Report (such as External Debt Information System, Bank Report, Bank &amp; Non Bank ITRS)</b>	<b>Administrative Record (such as Stock Exchange report, Special Task Force for Upstream Oil &amp; Gas Business Activity report)</b>	<b>Media and Any Related Sources</b>
<b>Responsible agency</b>	Bank Indonesia	Ministry/ Institution	Private data provider (ORBIS, Crunchbase), media, other related institutions
<b>Type of data collection</b>	Direct report	Administrative data	Secondary data, anecdotal informations
<b>Frequency of collection</b>	Monthly	Monthly, Quarterly	Monthly and incidental
<b>Statistical unit</b>	Enterprises	Enterprises	Enterprises
<b>Limitations in data coverage</b>	Data are not fully recorded in accrual basis. Data from the ITRS are recorded when settlement occurs (cash basis). FDI data are recorded based on immediate investor principle.	FDI data are recorded based on immediate investor principle.	Information regarding the timing of the transaction is uncertain

<b>Dissemination/Publication</b>		
	<b>National Summary Data Page (NSDP) - SDDS</b>	<b>Indonesia Financial Statistics</b>
1. Timeliness	Quarterly DI data under balance of payments statistics are disseminated within one quarter after the reference period, as required by the SDDS	FDI data are disseminated 8 (eight) weeks after the end of reference period
2. Level of details published	By component	By component, by country, by industrial activity, cross tabulation by partner country and industrial activity
3. Methodological notes	Yes	Yes
4. Analysis	No	No
5. Presentation	Webpage	Webpage
6. Release calendar	Quarterly	Quarterly
7. Revision policy	The data are preliminary when first released and are identified as such. The quarterly data become final 12 months after the end of the reporting period. The final status of the data is implied in the publications by the lack of a symbol (*) indicating that the data are provisional.	The data are preliminary when first released and are identified as such. The data become final after the first quarter data in the next two years are released for the first time. The final data is indicated by the lack of provisional data symbol (*).
