

# INDONESIA

<b>Institutional Framework</b>	
Compiling agency	Bank Indonesia
Legal mandate	Bank Indonesia Act and International Transaction Act
Member agencies of the national coordinating group on FDIS	None
<b>Data Processing</b>	
General conceptual framework	Since August 2014, BI referred to BPM6 in compiling BOP data. For the direct investment, data are also available in directional principle according to BPM5. The FDI data submitted to the ASEAN Secretariate, as an agreement, are based on BPM5.
Identification of direct investment relationships	Framework for Direct Investment relationships
Available FDI components	Equity capital, loans/debt instruments, reinvested earnings
Presentation principle	Direct Investment data are presented in asset liability principle based on BPM6. But for the ASEAN purpose, FDI data are submitted according to directional principle.
Geo-allocation principle	Immediate investing country
Activity allocation principle	Activity of the FDI enterprise
Activity classification	ISIC rev. 3
Unit of currency	USD
Exchange rate used	Monthly average
Miscellaneous divergences with OECD BMD	Transaction between fellow enterprises are not separated; do not cover ultimate direct investors
Frequency	Quarterly
Validation of individual data	Through internal coherence, check with other sources
Validation of aggregated data	Through changes in investment positions, growth rates, derived indicators
Adjustments	For undercoverage, outliers
Estimates	For missing/late entries, nonrespondents, missing data
Initiatives on FDIS enhancement	Developing nonbank direct reporting system of foreign financial assets and equities

<b>Data Sources</b>			
	<b>External Debt Information System (EDIS)</b>	<b>Oil and Gas administrative data</b>	<b>FDI Survey</b>
<b>Responsible agency</b>	Bank Indonesia	Ministry of Energy and Mineral Resources	Bank Indonesia
<b>Type of data collection</b>	Direct reporting system	Administrative records, Enterprise survey	Enterprise survey
<b>Frequency of collection</b>	Monthly	Quarterly	Yearly
<b>Statistical unit</b>	International transaction	Establishment	Enterprise
<b>Limitations in data coverage</b>			Threshold applied to the size of the statistical unit = equity capital owned by foreign investor $\geq$ USD 10 million
<b>Sampling</b>			
<b>Sampling frame</b>			Register of FDI enterprises
<b>Updating frequency of the sampling frame</b>			Ongoing
<b>Rate of sampling</b>			
<b>Rate of response</b>			76%

<b>Dissemination/Publication</b>		
	<b>Balance of Payments Publication</b>	<b>Indonesia Financial Statistics</b>
1. Timeliness	6 weeks after reference period	6 weeks after reference period
2. Level of details published	By component	By component, by partner country, by industrial activity, by partner country and industrial activity, by partner country and component
3. Methodological notes	Yes	Yes
4. Analysis	Yes	No
5. Presentation	Webpage, CD-ROM	Paper, Webpage, CD-ROM
6. Release calendar	Quarterly	Quarterly
7. Revision policy	<p>The data are very preliminary when released for the first time and become preliminary on the next quarter. The data become final after the first quarter data in the next two years are released for the first time. The final data is indicated by the lack of provisional data symbol (*)</p> <p>Revised data are marked with the (r) symbol.</p>	<p>The data are very preliminary when released for the first time and become preliminary on the next quarter.
